#### 6.0 BACC HIGH NOTES SUMMER CAMPAIGN REVIEW – DAPHNE LANGE

Daphne shared that there is a need to review the name and messaging for High Notes. This was brought up last year in the Marketing Committee but it was too late to implement any changes. There needs to be a continued focus on the regional music offerings year-round. The BACC had suggested calling it "Music in the Mountains."

Comments:

- Music in the Mountains: half of the events take place at the lake. Maybe call it "North Lake Tahoe Music" with a tag line: from the mountains to the lake.
- Another committee member suggested calling it: North Lake Tahoe High Notes. We have already built equity in High Notes.
- Andy shared it is High Notes that doesn't resonate with some of the committee members. He stated there is already a Music in the Mountains in Nevada City. He recommended having the agencies doing a little more research on that name. He highly recommended having North Lake Tahoe be part of the name.
- Some of the obstacles with the High Notes, was that the individual areas would promote their own event and not necessarily incorporate the "High Notes" logo and message. The messaging of High Notes should be wrapped in with their own promotions.
- The different venues lacks consistency with the campaign.
- Andy did state there were rack cards last year, along with a page of High Notes music built on the GoTahoeNorth website.
- One member suggested maybe having a devoted committee to help with this and you have the different venues buy-in.

- Help build a package of collateral and a tool kit for the different venues/event producers such as TCDA and NTBA, Squaw and Northstar.
- It was recommended that the agency look at the music platform and that this conversation be brought back to the BACC Committee for discussion.
- Maybe this is a buy-in from Truckee to get their events into this campaign.

#### 7.0 PR/SOCIAL UPDATES – ABBI AGENCY

Allegra shared the winter recap with the committee members.

- Launch of the final two luminaries: Nadia Guerriero in December and Lila Lapanja in January. The campaign was recognized with a Poppy Award by Visit California for "Best Content Marketing Initiative".
- Snow + Winter Conditions: Focus on partner coordination and talking points, proactive regional pitching and FAM hosting activations. Content did feature real-time snow updates.
- Allegra showed placements on the PR side as well as Social and spoke to four activated influencers in January and February that had an estimated impact over 2.2M Impressions and 73k Engagements.
- PR Placement Highlights: Brides Magazine and Visit California
- FAM Hosting: Vogue Luxe and Adventure, Family and International FAMs.
- Media Missions: Southern CA (late fall), Bay Area and New York City (March)

#### Comments:

- Good takeaways from this winter was: 1) Interaction between all partners and 2) Sharing of content
- There is a need to educate or have restaurants/service industry partake in customer service training. Too many times locals talk negatively about conditions when the customer has had a perfectly great day on the hill.
- Daphne shared they are working on possibly activating more influencers in light of the recent snow Tahoe received. One influencer from the Bay Area, one from LA and one from Austin, Texas. There is also a new flight starting soon from Austin to Reno on Frontier.
- Highlight Dual Sports Day for the last 3 weeks of winter.
- Austin: lead the message with WinterWonder Grass.
- Spring is incredible scenic in Tahoe.
- Put more emphasis on different nationality/ethnicity in some of the creative or messaging that is done.

#### Looking ahead for spring 2018:

#### Key Themes: Mar – June

Winter Season: Snow, Apres, Dual Sport Days, Winter Human Powered Sports, Environmental "Green" Lake Tahoe (Earth Day), Bleisure (Business + Leisure), What's New in Summer and Warm Weather Wellness. Ongoing Snow Promotion: PR Outreach – Leverage significant snowfall, Social Media – Real-time visuals and videos, Giveaways – Partnering with Bay Area News Group and "Guess that Resort" Giveaways

Key Spring Feature: Shoulder Season Content Series: Apres Round-Ups, Dual Sport Day and Secret Season Activities. Luminaries Promotion: Luminaries Shorts and Repurposing current luminaries. Public Relations: Shoulder Season Hosting. Pre-summer: Lead into summer and snow season.

#### 8.0 CONSUMER MARKETING/UPDATES

#### Winter Recap:

- The winter campaign began in November with a mixture of SEM, retargeting digital, video and social, native advertising, animated programmatic display, rich media and social media conquesting.
- Additionally, monthly email marketing was added into the mix, giving us an opportunity to reach people with longer message, as well as digital billboards in both Los Angeles and San Francisco Bay Area.
- In early January, the experiential campaign took place throughout Los Angeles, strategically scheduled to coincide with the digital billboard campaign.
- Winter Media launched in November 2017 with 48 million impressions served to date. \$311,000 total spend, 56,000 website visits, 14,000 users spent more than 115 seconds on the site; 1 in 4 users and \$22 per TOS conversion
- March Push: Instagram Stories Ads, Paid Social, Programmatic display weather targeted ads (opensnow.com, weather.com), Email blast to opt-in subscribers, potentially billboards with regular image updates to show "real time" conditions.
- Alexis shared the display ad examples, social ad examples and snapchats ad examples.

#### Comments:

Daphne brought up the potential for billboards in the Bay Area and building more awareness. She asked for the committee members to provide feedback.

- Concerns with Billboard or Outdoor is that it is not targeted.
- The money better spent in Austin in conjunction with the new flight to Austin.
- Look into Texas Ski Week great opportunity. It may be too late this year.
- Andy said it is extending the awareness we did earlier this season but said he is ok not doing it too.
- Empty nester, dual income personas are more impulsive. Have it be more strategic to the personas that has been identified or take advantage of opportunities in Austin.
- Daphne shared the cost for the billboard is about \$25k.
- Daphne shared that funds were shifted from April budget to March to maximize our efforts since we received more snow.
- IKON will be making a lot of "noise" in LA so it could be good to spend more resources in that market.
- Action: Question for Walt: If we don't do billboard, where could this additional funds be spent? What are the opportunities?

#### Summer Preview of FY 2018/19 Plan Discussion:

- Geographic targets: Los Angeles, New York and Austin.
- Target Persona #1: Workaholics (Age 25-49, Higher education, Dual income/no kids), Target Persona #2: Experiental Families (Age 35-54, Higher household income, Seeking new experience with the whole family) and Target Persona #3: Outdoor Enthusiasts (Age 18-34, Focus on health, Risk takers looking for new adventure).
- Media Mix. Year-round media spend will continue this summer, including SEM, retargeting display and video, and social media retargeting.
- Summer Creative: Assets to be developed this summer include: Dedicated landing pages for all paid media, focusing the message for the specific audience personas. Mixture of dynamic social media ads and Facebook canvas ads, animated programmatic display ads, Native advertising that focuses on the targeted personas, New photo and video assets to be used for this season and future years.

#### Human Nature Campaign Evolution:

New Trends: **Cut the clutter** (provide content specific to each targeted persona), **Encourage engagement** (have conversations that curate recommendations based on types of vacations travelers are seeking), **Feature more events** (a traveler's eye is often drawn here first), **Authentic Content** (include more video, Instagram-type content and other user-generated photos/info on the landing page, **Improve the user experience** (create the ultimate resource for consumers interested in a vacation. Highlight various experiences available and show visitors where in North Lake Tahoe they can enjoy the activities.)

Alexis shared this ads on the Human Nature Campaign and it's called Live it Up and shared the statement. She went through the design element and the different types of experiences that would live on the main page. Sub-pages would have customized information pertaining to that audience.

Comments:

- Brett mention there is research on Top Ten, and if you change it to Top 4 or Top 6 you will receive more
  engagement.
- Utilize the Visit California data and make sure it is matching up with nightlife for example.
- There were questioned raised and concerns on these landing pages, and how they interact with the rest
  of the site as it sounds like they are more micro sites. Why wouldn't they just be built under the current
  site structure? Alexis shared it would still be hosted on the same server and it would not impact traffic and
  it would still be included in the google analytics account. Alexis shared there is more freedom to design it
  the way they want to.
- Other concerns were the filter that will be used on the different personas. Alexis shared the filter could be removed on the lodging side. This portion needs to be looked it more closely.
- Actions: The committee member asked to see examples of creative on the site and examples of banners (with images built in).
- Action: Next meeting needs to be scheduled for May.

#### 9.0 REVIEW AND DISCUSSION OF ORGANIZATION'S GUIDING PRINCIPLES – DAPHNE LANGE

Daphne shared the drafting guiding principles and asked the committee members for feedback. She explained the process and shared it would eventually go to the board. Are there other principles that should be included?

- Include the time periods for the spring and fall for the booking strategy.
- Adding on the last: setting goals and auditing against the goals.
- What terms are we using in Marketing versus Tourism Development. "This is what we are doing versus what you are doing". This needs to be more comprehensive in the way we explain it to our constituents.

#### 10.0 REVIEW AND DISCUSSION ON FY 2017/18 BUDGET REFORECAST – LANGE/CHAPMAN

- Daphne stated she has gone through the process with each manager to identify spend and where there is savings.
- \$47k is currently not allocated.
- There were some discussion on anticipated impact on Q3 and possible shortfall. Andy said they do not anticipate that funding will be reduced to the coop.
- Andy stated two events were moved into the coop; Big Blue Adventures and the Tahoe Film Fest.
- Brett mentioned there are opportunities to create a coastal campaign for "June gloom".
- Andy said more discussion around this topic could be done in an e-mail.

#### 11.0 REVIEW OF YTD FINANCIAL REPORT - CHAPMAN

- Andy shared the year-to-date financial report and pointed out the A/P Aging Summary the \$250k being owed to Richter7 is being facilitated.
- Andy apologized as the balance sheet should have been comparison to last year and the budgeting
  process for next year will start soon.
- At the next meeting the same process will have been completed through March end.

#### 12.0 COOPERATIVE AGREEMENT REVIEW UPDATE

The current Marketing Cooperative Agreement will be reviewed by the two entities. When the agreement
was updated in 2015 the "term" part was removed because it was not needed. The county try to insert
some language into the 5 month contract so it was requested that this be reviewed with the 2 boards and a
legal council.

The carry-over amount is \$81K and with the proposed media spend it will be brought down to about \$40K. Daphne also highlighted that there is money budgeted for a lifestyle photo shoot including video regarding arts, culture, wellness and culinary.

Comments:

- Will there be some shots of lodging properties? Alexis shared this is more focused and arts & culture.
- Alexis shared video is outperforming still photography so there will be a focus on getting more video assets.
- Andy shared there already is extensive videos on local luminaries and quite a bit on human powered sports, both winter and summer. There was a huge expense associated with this so it's important that this is shared with Augustine.
- Brett also shared it's important to get shots for when we have low snow years of other activities such as building a snow man, fire pit shots etc. (Winter lifestyle creative)
- Heather stated not to forget about gaming and nightlife as an "activity" after playing outside. Andy stated that we have some footage and stills from Ale Trail on gaming and nightlife.

•

#### Action: Get a hard drive from the Abbi Agency with the video/picture content.

Directions: Due to not having a quorum, Daphne will do an e-mail vote and have conversations with the committee members who didn't attend today. The committee members in attendance did not have any rejections with the above recommendations.

#### 7.0 2018/19 DRAFT BUDGET FOR REVIEW AND APPROVAL

Daphne reviewed the 2018 draft budget with the committee members. The NLTRA contribution increased about 3.4% this year and Incline Village contribution increased 2.2%. She touched on some of the budget numbers that is seeing a change from last year.

- Consumer side, Paid Social increased from last year. (Programmatic display and Digital Display Retargeting was added.)
- 46K will be left for additional opportunities.
- Leisure Sales Adding some PR efforts in Australia
- Leisure Sales contract with UK that NLTRA shared with Mammoth Lakes Tourism has changed. They have gone out on their own.
- Reduced cost from the Abbi Agency on the International PR efforts.
- Canada was added as a market and we see that as one of our top markets in our spending and great airlift into SFO. (Both states, California and Nevada are investing more money into this market)
- Conference Sales has gone down in budget due to more efficient budgeting. (some of the non-performing tradeshows were removed and some new were added such as Connect)

Directions: Due to not having a quorum, Daphne will do an e-mail vote and have conversations with the committee members who didn't attend today. The committee members in attendance did not have any rejections with the strategy of this budget.

Comments:

- Would the Chronicle piece have an online portion? Alexis shared if there is editorial, the editorial would be online. There were discussion on this items, timing is not great (7/1/18). It was recommended to push a midweek message.
- Is SEM directed at destination markets or drive market? Walt stated it would be directed towards the evergreen campaign.
- Are we seeing any trends with the launch of the new Frontier flight from Reno-Austin? Texas is hot and miserable in the summer. There may be some opportunities here. Walt stated that he will look at that data and keep in consideration for next budget.
- Weekend Sherpa is a good chunk of money. Could you give more insight to this item? Walt shared this is
  really strong in LA and San Francisco. They create the content and push it out to their database. It is

## **Conference Sales: Strategy**

Media Plan→ Annual media plan that includes print and digital advertising in various meeting industry outlets regionally and nationally. The plan also includes a small presence on social media.

**Tradeshows & Sales Missions** → Attend industry tradeshows and conduct sales calls in key markets. The current trend is away from the large national tradeshows which have generally been showing decreased response and towards smaller, regional appointment-based shows which have provided better results.

In Market Customer Events → Host customer events in key strategic markets. These events are an excellent way to interact and build relationships with customers in a less formal but very memorable setting. FY 2018-2019 events will include a San Francisco Giants game, San Jose Sharks game, a cooking class and Topgolf in Sacramento.

## **Conference Sales: Strategy**

**Familiarization Trips**  $\rightarrow$  Bring customers with current or future business to North Lake Tahoe to experience the destination first hand with the goal of influencing them to bring their meetings to the area.

Strategic Partnerships with "Third Parties" → Continue to build on the strategic partnerships we have developed with HelmsBriscoe and HPN. This year staff will attend the HB Annual Business Conference, HPN Annual Partner Conference and ConferenceDirect CDX.

Create a Client Advisory Board (CAB) → The Board will consist of a representative group of professional meeting planners and industry leaders who will meet periodically to offer knowledge of the meeting and hospitality industry and advice on strategy and innovative programs for North Lake Tahoe group sales initiatives. The Advisory Board is intended to be a catalyst for the creation of market centric, client focused ideas with the intent of generating additional group bookings.
