5.1 Andy Chapman thanked the current NLTRA Board and Marketing Committee lay members for their participation on this Committee. Nineteen applicants have applied for a seat on the 2009 Marketing Committee; six "lay" members will be appointed. The Board will review the applicants and make appointments at tomorrow's meeting.

#### 6.0 REVIEW UPDATED FY-2008/09 NORTH LAKE TAHOE MARKETING COOP BUDGET

Andy Chapman reviewed the FY 2008/09 Marketing Coop budget. He noted that some adjustments have been made to a few line items of the budget, in particular related to the Regional Marketing Committee. In the past, the NLTRA and

IVCBVB have contributed \$50,000 each to support new air service into the Tahoe Reno International Airport. At the beginning of this fiscal year, it was determined that only three payments would be billed. Recently, the RMC's funding partners further reduced that to only two payments, which creates a \$25,000 variance. He also noted that there are also slight changes to the Leisure Sales and North Tahoe Conference Sales Media budgets. Ron Parson asked what was cut in the Leisure Sales and Conference Sales Media. Andy noted these amounts were saved during the actual implementation of the media plan. He also noted that some additional funds were placed into the drive market. The total current variance amount is \$19,756. This variance has allowed the Marketing Coop to place more funding into the drive market. (See item below.)

# 7.0 UPDATE ON NORTH LAKE TAHOE MARKETING COOP COMMITTEE REALLOCATION OF ADVERTISING FUNDS FOR WINTER BAY AREA TELEVISION CAMPAIGN

- 7.1 At the last North Lake Tahoe Marketing Cooperative Committee meeting, the Committee reviewed the current budget allocations and a recommendation from the agency on use of available funds to further promote North Lake Tahoe in the Bay Area. The Committee approved a reallocation of \$33,180 to place a three week television schedule in the Bay Area to promote the winter season. This buy also incorporated a Comcast Tourism Grant that matches dollar to dollar with additional spots on the stations purchased. Andy reported that the decision to further reach into the drive market is due to recent snowfall and reduced gas price. Jennifer Martinez noted that due to current economic issues, EXL and Smith and Jones have reviewed the current media buy and renegotiated some of the ads and buys. The Comcast Spotlight Cable Buy will double North Lake Tahoe's exposure in the Bay Area. The cable ads will run for 3 weeks from January 20<sup>th</sup> through February 8<sup>th</sup>. The target audience is women ages 25-54. The ads will reach 923,460 households. We purchased 240 spots on each system, and Comcast matched 240 spots on each system, giving a total of almost 4000 spots with approximately 46 million impressions. A summary of the buy and spot schedule was included in this month's packet. Deb Dudley asked why the agencies had chosen to focus on a female demographic. Jennifer noted that females usually plan vacations. The Committee directed the agencies to detail further information regarding the demographics at next month's meeting. Jennifer discussed other changes in media buys. We have postponed the ad in the February issue of San Francisco Magazine which put \$8000 back in to the budget. We are saving \$3000 due to the cancellation of the Ski Press January issue. The Trip Advisor internet program is under delivering, so we will get another \$4000-\$5000 from that program.
- Cathy Davis discussed the creative standpoint of the cable television ads. She said the ads will tell the story of what North Lake Tahoe has to offer. She noted that from last year's research, television has the greatest recall of all media types. She gave background about the winter television spot from last year which was a women wearing goggles with various activity vignettes appearing in a close-up of the goggles. The previous spot was not very well received due to the voiceover and the appearance of the woman in the ad. Cathy reported that with about a half day of editing, some of the footage of the goggle ad can be salvaged to create a winter spot of several vignettes highlighting the variety of different activities available in North Lake Tahoe. The voice over will speak to the overall destination and the Cool Deals page. The Web site URL will be featured in a title card at the end of the spot. Jennifer Martinez noted that we

- usually focus more in the destination market in the winter, but due to current economic issues, the agencies feel it is important to focus on the drive market.
- 7.3 Cheri Sprenger noted that the Tahoe City Downtown Association, the North Tahoe Business Association and SnowFest have also purchased spots on Comcast which will help to reinforce the message. Alex Mourelatos discussed the possible usage of marketing reserves due to the dire economic situation. He noted that Mammoth has also been marketing to the Bay Area. Andy said this would be a good future discussion for this Committee. Les Pedersen said the term "extend" is key; he said the Committee should discuss how we can better impact the months of March and April. Sue Hyde wondered if Comcast would offer an extension of this type of offer due to what we have committed to so far. Lisa said she will review Comcast extension options. Cheri noted the grant funds will only be available until the grant runs out. Alex asked what mechanism would be used to measure the success of the television spots. Jennifer said that since the ad speaks to the Cool Deals page, we will be able to see if there is increased traffic to that page. Andy noted that the GeoTracking report will also help to see if there are increased visits to the Web site from the Bay Area. There was discussion that using the URL, GoTahoeNorth.com, is more memorable than adding an additional term to the URL. Julie Maurer noted that there will be a lot of publicity and significant ad dollars spent surrounding the Dew Tour which will take place at Northstar from February 19-22. She noted that other media options were discussed in the Marketing Coop meeting, and we could revisit some of these other options in spreading the North Lake Tahoe message. There was further discussion surrounding the marketing reserve. Andy reminded everyone that money taken out of the reserve fund must be paid back from next year's budget.
- 7.4 **Direction:** Review male demographic target audience. Further discuss possible usage of reserve funds at next month's meeting which will take place on January 29<sup>th</sup>.

### 8.0 REPORT ON BOARD DIRECTION REGARDING FUNDING FOR THE NORTH LAKE TAHOE CONFERENCE CENTER

- At the November 25<sup>th</sup> Marketing Committee meeting, the North Tahoe PUD presented a request in the amount of \$15,000 to fund conference marketing activities for the Conference Center. These funds were available to the Conference Center in the past, but they were not allocated in the budget this year. During budget creation in March 2008, there was uncertainty as to the future of the Center. After lengthy discussion by the Marketing Committee, no motion was moved forward for board approval. At the December 3<sup>rd</sup> NLTRA Board meeting, the NTPUD presented the same request. After presentation and discussion, the NLTRA Board approved the \$15,000 funding request. The Board also made a motion to direct staff to identify \$15,000 in another existing marketing program that would meet with the guidelines of the reserves policy and replace the allocation with the marketing grant request, with review by the Marketing Committee.
- 8.2 Sally Lyon further discussed the use of the reserves. She said the marketing reserve fund is designated equity, conceptually like a saving's account from prior year's profits in the Marketing and Conference departments. Lolly Kupec asked about the contractual amount that the NLTRA has an obligation to maintain. She expressed concerned about the additional funds given to the Conference Center since a special marketing grant in the amount of \$15,000 was already given to them this fiscal year.

- 8.3 Ron Parson reported that staff should complete the request in the motion made in section 9.6 of the NLTRA Board meeting of December 3<sup>rd</sup> which directs staff to identify \$15,000 in another marketing program that already exists that would meet the guidelines of the reserves policy and replace the allocation with the marketing grant request with review by Marketing Committee.
- 8.4 **Direction:** This item should return to the Marketing Committee for review after staff has identified the \$15,000 in another existing marketing program.

# 9.0 REVIEW AND DISCUSSION ON MARKETING DIRECTION COMMUNITY OUTREACH AND FY 2009/10 PLANNING PROCESS

- 9.1 Andy Chapman reported that this agenda item is to help set the schedule for the FY 2009/10 planning process. Over the last year, the NLTRA conducted a series of community workshops in conjunction with the NLTRA Board and Marketing Committee. These meetings were designed to gain community input on various marketing programs and strategies. In addition, both a consumer advertising awareness study and a consumer focus group study were completed. Andy distributed a draft copy of the FY-2009/10 Strategic Planning and Budget Development Process to take place from January to June 2009. He reported that we are looking for direction from this Committee to recommend this schedule to the NLTRA Board of Directors. He noted that some meeting and workshop dates still need to be determined.
- 9.2 Dan Tester asked when the Marketing Tool Development Process would be finalized. Lolly Kupec suggested the Tool Development Process be finalized and reported to the community at the workshop in mid February. Lolly discussed the issue of committing money in the budget before it has been reviewed by the Marketing Committee. Andy said there are dollars in the FY 2008/09 budget that has not been finalized for Spring 2009. Dan Tester said he feels that as a Committee, we should have impact on where dollars are placed and into what programs. Lolly suggested moving the "Building Blocks" workshop to January, instead of the end of February, in order to give the Marketing Committee a chance to review the process. She suggested starting the planning process earlier next year. Steve Teshara noted that the process is beginning two months earlier than last year; he noted that we have to get TOT information from Placer County before developing and finalizing the overall NLTRA budget. He noted that sending messages to the new County Supervisor for District 5 may help address timing and budget concerns.
- 9.3 Direction: The Committee directed staff to recommend this timeline schedule to the Board.

# 10.0 DISCUSSION TO RESCHEDULE JANUARY $27^{\text{TH}}$ MARKETING COMMITTEE MEETING

- 10.1 Andy Chapman will be at a CTTC meeting in San Francisco on January 27th. He proposed to move the meeting to Thursday, January 22<sup>nd</sup> or Thursday, January 29<sup>th</sup>.
- 10.2 M/S/C (Parson/Dudley) (9/0) to reschedule the January 27<sup>th</sup> Marketing Committee meeting to Thursday, January 29<sup>th</sup> at 1 p.m. The meeting will be held at the Tahoe City PUD.

### 11.0 DISCUSSION TO CHANGE MARKETING COMMITTEE MEETINGS START TIME TO 1 PM

11.1 The Committee unanimously agreed that future meetings will be moved to begin at 1 p.m. due to conflicts with other meetings to be held at the Tahoe City PUD.

#### 12.0 DEPARTMENTAL REPORTS

Advertising – Cathy Davis reported that Ski Press will not run their January issue. The insertion has been cancelled and dollars reallocated. The insertion scheduled to be in the February edition of San Francisco Magazine was also cancelled due to no related editorial. Information about December and January ad is included in the written departmental report. In November, North Lake Tahoe received 462,277 impressions and 12,835 clicks from the paid Internet ad campaign. More information about internet media is in the packet. An early December email blast was sent to database announcing resorts open, and a follow-up blast was sent on December 15 touting 2 feet of fresh snow and featuring the winter newsletter. Cathy reported that Web site project include ongoing event calendar maintenance, ongoing search engine optimization, and changing "neighborhoods" to "Resorts & Towns". The Web site is currently being translated into Spanish, Japanese, French and German.

There was discussion by the Committee and audience members regarding the issue of multiple community calendars, e.g. GoTahoeNorth site, Sierra Sun site, business associations' site, etc. Andy noted that each calendar has a different objective, and every site would like to be the go-to place for an event calendar. There was discussion about creating more linkages between GoTahoeNorth and the business association's sites.

- 12.2 Conference Sales Jason Neary reported that in December, he attended a number of key meetings and industry events and hosted two site inspections for Wells Fargo N.A. and IPNI. He attended the Reno-Tahoe Meetings Coop whose leveraged buy represents approximately \$500,000. He also attended the RSVA Directors of Sales meeting. Jason reported that lead generation decreased from mid-October through December, but now is starting to pick up in January. Ron Parson asked Jason to report information about trends and the number of leads he receives from shows and events
- 12.3 Leisure Sales Jeremy Jacobson reported that he has contracted the Ski Tahoe North Interchangeable ticket and the North Tahoe Express with several new clients. In December, he registered for the Mountain Travel Symposium that will take place in March/April 2009 and POW WOW, taking place May/June 2009. He toured Amy Jansen around the region; she is the Lake Tahoe expert for Mountain Reservations. Jeremy met with Black Tie Ski Rentals and First Track Productions. He also attended LA Ski Dazzle.
- Special Projects Judy Laverty met with Stephen Holt, PR Director for the Ritz Carlton Hotel, to discuss their participation in Autumn Food and Wine 2009. She reported that by this time next month, she will make an announcement about two celebrity chefs. In December, she developed Learn to Ski final report. She continues to regularly update the GoTahoeNorth Web site. Judy asked everyone to report to her at <a href="mailto:judy@puretahoenorth.com">judy@puretahoenorth.com</a> regarding any changes on previously posted events to the GoTahoeNorth and Chamber calendars. Judy is also working with Nadia at Northstar to create a welcoming program for the AST Winter Dew Tour. Julie Maurer noted that Northstar is offer links to lodging properties for \$100.

Ron Parson suggested sending an email to people with upcoming events on the calendars to make sure the information about the event is correct. Andy noted that Smith and Jones sends out email blasts once or twice a month with information about upcoming events.

12.5 Public Relations -Pettit Gilwee reported that during the bulk of the snow storms (December 13-26), five news releases, along with two video news releases were sent to target media, resulting in significant press, including pick up by the Associated Press. She noted that there has been a lot more media coverage regarding snow this year compared to last year, especially in the Bay Area. Pettit reported on PR Results for FY 2007/08. The public relations efforts generated \$5.1 million using a one-to-one advertising equivalency (the goal was \$3.7 million). She said this was due in part to two Associated Press stories. Pettit is producing a media ski invite for top-tier journalists. She also is coordinating a press trip for CNN Supervising Producer Augie Martin. She is scheduling meetings with media outlets headquartered in New York City, timing with the California Tourism Media Blitz where she will represent the High Sierra Visitors Council. In the last month, there were 12 news releases distributed and 33 media leads were responded to; six news releases are currently in the works.

#### 13.0 COMMITTEE MEMBER COMMENTS

13.1 Ron Parson suggested distributing a summary of information from the departmental reports to the community. He feels this will help build confidence with community constituents. Julie Maurer suggested the Chamber newsletter as a tool to disseminate this information. Andy reported that there is now a marketing tab at <a href="https://www.nltra.org">www.nltra.org</a>. This is a place for interested community members to find information about all NLTRA marketing plans and efforts.

#### Memorandum

#### SITUATION

- Both the County and NLTRA have agreed that a "marketing reserve" should be created. The objective is to eventually accumulate a fund representing 15% of the average annual marketing budget, over several years. Based on a \$1,848,000 budget, the 15% target is \$277,200
- 2. The County has been clear that it does not intend to control the use of these funds, but will leave it to the discretion of NLTRA.

#### RECOMMENDATION

- 1. The Marketing Reserve will be treated as an "internal reserve" (as per the definition proposed in #7 below).
- 2. The NLTRA Tourism/Executive Directors, may not expend these funds, except with the formal approval of the NLTRA Board, preferably with preview and approval of both Finance and Marketing Committees.
- 3. The criteria for the appropriate use of these funds is when NLTRA and its member businesses are experiencing a distinct shortfall in tourism business, due to unusual, economic, market or weather conditions, that would benefit from extra marketing efforts.
- 4. Any request for such funds from staff, should include the rationale, a targeted result, and be followed with an assessment of the actual results achieved.
- 5. NLTRA Accounting will need to track and report these funds, in such as way as to segregate them from normal operating funds.
- 6. Any Reserved funds that are accumulated, will automatically be rolled over into subsequent year's budgets and will accumulate without limit, until an amount is achieved equal to 15% of normal annual marketing budget.
- 7. Any funds depleted as a result of the above actions will be replenished, as soon as practical. The manner of replenishment will be:
  - a. First from any external or internal marketing carry forward, from previous years, then:
  - b. as part of the normal budgeting process each year.
  - c. Any replenishment of the marketing reserve, (once established) would come from the same mechanism that the county and NLTRA are using to guarantee a consistent marketing operating budget going forward.
- 8. Recommended definitions for funds:
  - <u>County Services</u>: NLTRA funds earmarked by the county, for a specific designated purpose, and not available to either NLTRA Board or staff.
  - <u>Internal Reserve</u>: NLTRA funds earmarked, either by the County or NLTRA, available for expenditure by the NLTRA board, but not staff.
  - Contingency: NLTRA funds, within a specific departmental budget, not earmarked for any specific purpose, and available to be spent at the discretion of the supervising Director.

2009 Summer Advertising Plan Outline

#### Strategies

- The annual media plan is broken out with a focus on two seasons: Summer (April-September) and Winter (October-March)
- In the summer, concentrate more heavily on the drive market. There is not a great
  deal of advertising by North Lake Tahoe direct advertisers. The NLT VCB needs to
  support this market and drive summer visitation. There are more options available
  for summer travel destinations and interests so North Lake needs to keep awareness
  in its primary feeder market.
- Due to current market conditions, we recommend increasing our spend in the Bay Area and then allocating the balance of the summer budget in the LA area market.
   We think it is important to maintain a presence in the LA market. We will forgo our spend in US regional publications to accomplish this effectively.
- We will continue with the image oriented and emotional N campaign creative.
  However, copy will be more action oriented, promoting events, activities and deals as
  appropriate in the drive market where they are more familiar with North Lake Tahoe.
  The media selected will support this type of messaging. In LA the image and
  destination awareness message with be more prevalent and the media mix will
  support this type of messaging.
- As ski is in the winter, golf is an important activity to promote in the summer. We will
  try to include specific media targeted to golfers in California.
- Develop advertising campaigns which allow members to participate with advertising dollars when there is an interest.
