PR STRATEGY

- 1. Search-driven PR:** The Abbi Agency aims to earn placements in publications with a higher domain rank authority than gotahoenorth. By securing valuable backlinks to gotahoenorth.com, it increases searchability. We will utilize a “champagne media list” to track against the top 50-100 target publications for North Lake Tahoe.
- 2. Shoulder season visitation:** The Abbi Agency will push shoulder season messaging (i.e. high-altitude training, scenic hikes, food & beverage, wellness and dual-sport days) to increase visitation in spring and fall. We will leverage the “Tahoe Treasures” campaign to bring awareness around alluring “secrets,” and supplement coverage with 4 hosted FAMS per season. We will utilize a quarterly press release to showcase the holistic lifestyle, events and news, year-round.
- 3. Midweek Travel + Extended Stays:** The Abbi Agency will leverage direct flight markets, including Southern California, New York and Houston/Dallas to increase length of stay and national brand awareness.
- 4. SMARI insights:** The Abbi Agency will increase messaging around destination drivers, including leisure hiking, dining, scenery and value. The Agency will reserve “extreme messages” like ski/ride for niche audiences only.

GET READY TO FALL IN LOVE WITH DINING IN NORTH LAKE TAHOE

You know that North Lake Tahoe's breathtaking views, vast waterscape, and endless recreational activities are incredible. What you may not know is that the crown jewel of the Sierra Nevada is also home to some of the best culinary delights in the region, with dozens of home-grown restaurants, celebrated restaurateurs, plus bites and sips from every cuisine you could think of.

In fact, our mountain paradise is so beloved for its food and beverage scene that it has long served as the home to the annual Autumn Food and Wine Festival—which marks its 34th year, September 20–22.

But rather than simply telling you about how great Tahoe's culinary scene is, we thought we'd showcase some of the most delicious and unique dining opportunities in the region. That way, while you work up a hefty appetite, you can plan your tour of Tahoe's best bites as part of your North Lake Tahoe adventure. Check it out!

Content Approach

Overall Strategy: The Abbi Agency has shifted its content strategy by **1) creating evergreen blog messages** to provide consumers with messages that are beneficial year-round; and **2) reserve news-sensitive information for monthly newsletters.** The Abbi Agency has analyzed North Lake Tahoe's brand voice and tone, and has proposed a more identifiable "character" in which all content contributors can represent. We aim to create a "Tahoe experience" in all levels of the decision making funnel. We want North Lake Tahoe's voice to be undeniably "Tahoe," with a laid back, outdoor driven, aspirational feel. We are also beginning to strategize more granular content per channel, to better segment messages to fly/drive market audiences.

BLOG AND TRIP IDEAS: The Abbi Agency has proposed moving blogs away from "events-based marketing" and focusing primarily on evergreen content—while at the same time maintaining our commitment to highlighting partners, experiences and NLTRA commitments. In this way, we create aspirational messages that are useful to consumers, year round. With two blogs per month, each is designed to **improve SEO, increase brand awareness** (especially during secret seasons) and **provide educational content.** Most blogs range from 600-800 words (a length that Google deems valuable), while reserving a few pieces for longer-form "essay content," like "52 Weeks in North Lake Tahoe" (about 1,200 words).

NEWSLETTER:

The newsletter takes a more "news and events" approach, highlighting current and upcoming events, driving bookings and encouraging users in our flight and drive markets to stop what they're doing to *explore North Lake Tahoe* as its offerings change throughout the seasons.
